February 4, 2026: Policy Committee Meeting Agenda:

- Introductions
- Matt Hoffman will be sending an updated version of policy #320.
- Policy 816
 - Making our District social media accounts information-only and his proposed wording change. Social Media [Policy 816](#)
 - The Board authorizes designated district staff maintaining district-owned social media accounts to remove individual posts or comments by public users that violate the established social media rules of this policy. The Board directs that review and consideration of posts or comments shall not discriminate on the basis of content or viewpoint, and staff must always be able to articulate the reason for removing a specific post, in accordance with Board policy. Staff may consult with the Superintendent or designee and the school solicitor in determining appropriate actions. Posts and comments may not be removed solely because they are critical of the district or district leadership, because they promote an unpopular opinion, or because of their viewpoint if the post or comment otherwise complies with the established social media rules.
 - Designated district staff may not block users from accessing or commenting on district-owned social media accounts unless the outside account is identified as a security or system threat or spam account. Staff may consult with the Superintendent or designee and the school solicitor in determining appropriate actions.
- PNN Review
- First Readings
- Second Readings
- PreK Admission Birth Date Guidelines: [Memo](#)
- Update of Policy 626 (please see [attached](#))
 - The state threshold table for 2026 is:
